

# Domestic Traveller Checklist

## Planning your trip

- Find the latest travel restrictions, quarantine and testing requirements for domestic travel routes [here](#).
- Review your company travel policy.
- Download the SAM mobile app** for city guides, emergency phone numbers and information on trip disruptions affecting your itinerary.

## Testing and Proof of Vaccination

- If you are required to take a PCR test during your trip, Healius testing clinics can be found [here](#).
- Airlines require proof of vaccination using a Vaccination Certificate (children 12+) – [find out how to get your certificate](#).
- Hotels may also request to check your vaccination status
- Carry a printed copy of your Vaccination Certificate as some suppliers may not accept the digital version.

## Returning Home

- When returning home, ensure you have the most updated state border information located [here](#).

Visit the **Time to Fly Resource Centre** for the latest travel restrictions, quarantine and testing requirements for your trip.
